Right? The battleground should be the capital. Don't go burn down your neighbors mattress store or car dealership.

I was there, at the White House and the Capitol. It was very peaceful and I was proud to participate in the exercise of my free speech.

iAmazing how many lies and distortions I see in the Press. We are winning the issues and more and more people see the voter fraud. Those that don't are slow learners, non learners or just invested in the system that pays them not to see.

Was there too patriot. You are 100% correct. The only violence I saw was from the blue side. When the patriots who got in were corralled and they tried to shut them in was the only time patriots used real force, and it was appropriate. They had no clue what false flag that the dc swamp was planning to execute against them. I back 99.9% of everything that happened in dc yesterday.

After seeing the Press on the protest and being there to experience it first hand one thing is very clear. We are in a war with the left. Hopefully we can do it through elections but I am afraid the message us elections are dead. Only one thing left if this is indeed true.

Great work! Congress is declaring war on the people. Gaslighting like mad through the media. Calling this a coup while ignoring their own coup waged for the last 4 years. Calling for Cruz and Hawley to be expelled from Congress and never let to hold office again. The pilgrims broke the law too, and look what happened.

The only redeeming part is when they are done exterminating us, they will go after moderate Dems, and demand loyalty to their God, BLM. You'll be arrested for reading any books by white authors. You will be denied healthcare, even emergency care. You will be fired. The 28% of the public that actually voted legitimately don't want you to know a group of less than 30% of the country is controlling and ushering in Communism to boot

Oh, CNN told me Adam Schiff ordered the shooter to fire on the rednecks. Pass it on.

This is how Patriots have to work. If someone within 50 miles of you is on the arrest list, do not allow the Dems to have you taken. Alert everyone, and we'll get 500 armed Patriots to disallow it. If they send the military, hand out your gun collection and turn 500 to 5000 armed Patriots.

Tell the arresting officers, they are a part of an illegitimate government that isn't recognized here. Leave or die.

It was absolutely insane and disgraceful. It ruined any chance we had at actually securing our victory, it's why President Trump effectively conceded.

The Dems will now use this as an excuse to massively limit our freedoms, and now that nobody voted in the senate runoffs, they control all three branches and can do anything.

no. No it didn't do shit to "hurting chances". The country is a corrupt fucking mess. Repeating the mantra of law and order is clinging to a reality that doesn't exist. How many elections laws were broken? I lost count. Laws don't matter when they aren't followed.

I've watched hundreds of Scott Adams chats to us lesserlings. I accepted that he was human and like all of us can be inconsistent at times. He'd one minute make me think outside the box and then in the next irritate the shit out of

me after effectively contradicting a statement he made just a week ago. It's as though he just tells his audience what they want to hear in order to keep us, and his ego engaged and (I guess) fulfilled. Mixed feelings, so I don't bother with him anymore, plenty more genuine commentators out there and only so many hours in the day.

At 20:50 this piece of shit motherfucker Scott Adams says :

"To protect the Vice President - would you shoot an innocent person ? I kind of hope yes..."

Why cant mods aticky a thing that says no retard violence until Trump concedes. If he gives up u can do what you want but that was embarrassing when Trump said to go home and some people didnt. Too antifag for me sorry.

ICIC. I just dont like people promoting violence. I know things didnt go perfectly just tired of people saying it did and that we didnt go far enough or whatever... Good to know that they would have done what he said had they known it at the time. Ty.

Nobody took hostages. The general peaceful demeanor of the day testifies that even if congress hadn't been evacuated, they would have been fine.
